# Welcome to Connecticut Orthopaedic Surgery Center

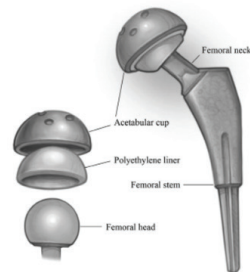

Connecticut Orthopaedic Surgery Center is a Connecticut Licensed and Medicare Certified Outpatient Surgery Center and accredited by AAAHC (Accreditation Association for Ambulatory Health Care).

We are proud to offer high-quality care as a more convenient and cost-effective alternative to traditional hospital care. Connecticut Orthopaedic Surgery Center is a newly built, state-of-the-art surgical facility which has been providing surgical services since 2019.

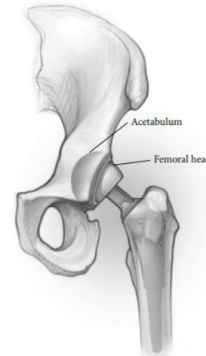

We provide same-day joint replacement with in-home recovery. We have collaborated with several homecare agencies to ensure your every need will be met.

## PATIENT EDUCATION CLASSES

Our Total Joint Team provide classes twice a month for patients and their families to attend.

These classes help to ensure that you and Your care team are best prepared for your upcoming recovery.

- We provide you with the skin preparation cloths your surgeon has discussed with you.
- We also provide written handouts with Valuable information and recommendations to further assist you and your care team for the weeks following your surgery.

**PLEASE CONTACT US TO REGISTER FOR OUR NEXT CLASS:  
860-446-7800**

Why do I need to prep my skin for surgery?

Surgical site infections are the #1 reason for unplanned hospital readmissions.

Sage 2% Chlorhexidine Gluconate Cloths are a simple, clinically proven step to help address SSI's that can occur after surgery.

- *Rinse-free washclothes with CHG help reduce bacteria that can potentially cause skin infections.*
- *Fast-acting, continues to reduce germs for up to 6 hours after application.*
